

St. Mary's Newsletter

With God's help, we reach for the stars.

Don't forget Monday 10th October after school we have the screening of the BFG. There are still a few tickets left for anyone wanting to purchase one.

St. Mary's chosen charity

Thank you for all the completed forms indicating the charity you wish us to support this year.

The overwhelming majority of parents have chosen Cancer Research, and so our school will support Douglas McMillan and Race for Life.

*Thanks
Mrs James*

We were visited today by Ian Marsden, Bronze Medallist from this years' Paralympics in Rio. He won his medal in the canoeing event. The children really enjoyed listening to his inspirational stories of how he became a successful Paralympian and seeing the medal and mascot from the games.

The coffee morning for Dougie Mac was a great success, we raised an amazing £141!

The children competed in the first race of the season at St Joseph's primary on 29/9/16 and ran very well. The girls team came 3rd overall and the boys team came 3rd overall fantastic performances!!

On Monday 3rd October children competed in a cross country race at Goldenhill Primary School. The boys team came 3rd overall. The girls team came 4th overall. It was a very long course and the children worked hard to complete it, well done!!!

Dates for your diary

The children have been coming in to school early this week to take part in The Early Bird reading sessions, where they read in groups with their friends. We are always striving to explore and implement strategies to immerse our children into the love of learning.

Thank you to everyone who sent in contributions and joined us for our Harvest Festival celebration this week. The food will be taken to the Salvation Army.
